"Killers" Speed Exacts Biggest Toll In Summer

"Slow down and live longer. Drive too fast and die that much sooner."

That's the message of Sergeant Hiram Grimsom commanding officer of the Houghton Lake Post, of the Michigan State Police, in pointing out that June, July and August are the months when speed the No. 1 public enemy on the highway, takes its greatest toll.

Michigan law enforcement agencies are now cooperating in a state-wide campaign to make motorists more speed conscious.

"Last year 45 per cent of the traffic violations reported in fatal accidents were for speeding or driving too fast for conditions," Sergeant Grimsom said. "Safety appeals are meant for all. If drivers will gear their speed to existing conditions, such as traffic and weather, it will definitely cut down the number of fatalities."

In 1953 there were more than 1,900 persons killed and nearly 58,000 injured in 184,000 accidents in Michigan. This was an increase over 1952 of nine per cent in deaths, 18 per cent in injuries and 15 per cent in accidents.

Ran-off-roadway accidents, the type most commonly attributed to driving too fast for conditions, accounted for 435 of the deaths.

Motor vehicle travel in Michigan during the summer months will jump from the daily average of 71,000,000 miles to 80 million.

"This means greater exposure to accidents," Sergeant Grimsom said. "The state law does not set a specific speed limit, but it does require that speeds be no greater than conditions justify. In other words, be sensible and use good judgement at the wheel. Avoid that accident. It's possible."

Here's Real Progress

In 1941, 16,000,000 people had protection against hospital and medical expenses under the various voluntary health insurance plans. Now nearly 100,000,000 have it.

On top of that, more than 1,000,000 persons are already insured under a new form of coverage which is

written on a deductible basis, much like automobile collision insurance, and which protects against costly major illnesses of extended duration.

SOCIALISM IS EXPENSIVE

Randy Haskell Hamilton, spokesman for the American Municipal Association, which is composed of 12,000 cities in 43 states, told a House Sub-Committee on Government Operation, of the serious conditions confronting local communities as a result of the alarming growth of national socialism.

Among the types of business and industry in which the Federal Government has become involved, Mr. Hamilton listed, "fabrication, repair, generation of electric energy, transportation, storage, banking, insurance, mining."

These activities are tax-exempt, at the expense of local and all other units of government. According to Mr. Hamilton, in many communities "... the citizens have found that they must carry a disproportionately heavier load of local taxes in order to pay for the municipal services."

Yes, socialism is expensive—both in money, and in lost freedom and opportunity.

"Recognition of the fact that freedom is close to home led the founding fathers to put strict limits on the powers vested in the proposed central governments, and to place all unspecified powers in the hands of the state governments."—Frank Chodorov.

Even the Smallest Details

THERE are innumerable details to look after when a loved one departs. It is our duty to you to smooth the way -- to assume the responsibility of carrying out your wishes. For a fitting memorial, without the burden of attendant details, let us serve you.

Sorenson Funeral Home

Bits O' Talk

Mrs. W. J. Heric left for Ann Arbor where she joined her sister, Mrs. Annabelle Bigelow and children, the party leaving for New York City Sunday to be gone for a week. Mr. Heric is spending the week visiting his daughter, Mrs. Charles Duncan in Saginaw while Mrs. Heric is gone.

Mr. and Mrs. Fred Catlin of Toledo were in Grayling over the week end visiting the latter's mother, Mrs. Paul Ziebell. Mrs. Catlin attended the Alumni banquet.

Mr. and Mrs. Earl Broadbent entertained E. Plondke of Detroit, B. L. Sorah, Pleasant Ridge, and James Ragsdale of Silver Springs, Maryland, over the week end, all of whom are connected with the N. Y. C. They spent the time fishing and all had nice catches of trout and were in love with the country and our streams, especially Mr. Ragsdale, who was much enthused on his first visit. Of course Mr. Broadbent is an ardent fisherman so he knew where to take his guests.

Mrs. William Widrig of Gaylord visited at the home of her parents, the Earl Broadbents, Thursday evening.

Mr. and Mrs. J. H. Patterson of Detroit were guests over the Memorial week end of Mrs. Laura McLeod. Recent callers were Mr. and Mrs. Charles Woodbury of Bay City, who also visited the William McLeods.

Mayor and Mrs. A. L. Roberts returned home Thursday after a three weeks absence.

Robert Williams has returned to his work as oiler aboard the Ralph S. Caulkins sailing the Great Lakes. He was delayed from returning to his work because of undergoing surgery some time ago, from which he has fully recovered.

Mr. and Mrs. Carl Walters of Toledo are spending a couple of weeks at their summer home on Lake Margrethe.

Mrs. Grace Andrews enjoyed a vacation last week from her duties in the office of Bureau of Social Aid.

A volume containing editions of a newspaper published in Grayling many years ago and known as "The Grayling News" has been uncovered in the attic of the Hugh Miller home, and is in this office. The first edition in the volume is Aug. 19, 1897 and continuous to July 7, 1898. Jay Allen was the publisher. Evidently the newspaper was not published long with the Avalanche already being published here at that time. Does anyone remember it?

Mr. and Mrs. Benj. Jerome Sr. of Pontiac were at their cabin in Shaw's Park on the Ausable River over the weekend. They will be coming back in a couple of weeks to be here for the summer. Mrs. Mabel Peters, who makes her home with Mr. and Mrs. Floyd Taylor has gone to Findlay, Ohio for a couple of months visit with relatives.

Mr. and Mrs. Benj. Jerome Jr. and children, Tony, Jeff and Jill of Pontiac were at the Jerome cottage at Lake Margrethe over the Memorial Day weekend.

Mr. and Mrs. Chris Piehl of Gaylord spent Tuesday of last week visiting Mr. and Mrs. Edward Gierke.

St. Mary's Men's Club

Members of St. Mary's Men's Club have been very busy since the group was organized some six weeks ago. The first big project and one that was handled by the Work and Play committee which is chairmaned by Leland Marshall, was the painting of the interior of St. Mary's Hall, which was the former church building, and which has been completed giving it a very inviting look. Middle and Robert Lafitte were in charge of this project. The boys have done a fine job and deserve a lot of credit for a job well done. Now work of sanding the floors and finishing them is underway.

Many more jobs are in the offing to improve the church and school buildings. The men are planning a parking campaign for Sunday mornings at the early masses. This has been a problem especially during the summer.

The club receives Holy Communion in a body at the 8:30 o'clock mass on the third Sunday of each month, and their meeting night is the following Monday evening at 8:30 o'clock. All men of the Parish 16 years and over and fathers who have children attending St. Mary's School are eligible for membership.

Many spiritual benefits are sure to be gained by the members as well as the accomplishment of the various work projects that are outlined for the future.

Dr. Louis F. Hayes is president of the Club, Jerome Kessler, secretary-treasurer and Father Breitenstein, chaplain.

Wesley Lagrow, Publicity Chairman.

Two Brownie Scouts, Donna Barber and Judy Kimball attended the meeting for their first time. These girls have passed their tenth birthdays and are now eligible to become Intermediate Girl Scouts.

A guest at the meeting was Janet DeMoines whom the girls urged to join.

Children Of St. Mary's Parish Enjoy Picnic

Wednesday of last week, Hartwick Pines Park was a busy spot, with St. Mary's school and preschool children among others there for their annual picnic. Many of the mothers also attended.

It was an ideal day in the out-of-doors and the facilities at the park were in constant use. Besides there were baseball games, and races of all sorts for entertainment, and just oodles and oodles of hot dogs, pop and ice cream cones were consumed by the crowd.

The picnic was sponsored by St. Mary's Altar Society with Mrs. Anthony Buron as chairman on arrangements. The members of her committee were Mrs. Harry Young, Mrs. William Lenkowski, Mrs. Thomas Douglas, Mrs. J. W. Wiltse, Mrs. Bernard Hall and Mrs. Donald Bobenmeyer with several other of the mothers helping. Also a committee from St. Mary's Men's Club were in charge of the games and races, and the

transportation of the eats, and they were Dr. L. F. Hayes, Roy Akers, Horace Failing and Joseph Cinciala.

The Altar Society wishes to

thank Rasmussen Lumber Co., Grayling Lumber & Supply Co. for furnishing their trucks to transport the children to and from the picnic grounds.
